Youth Gardening at Hilltop

This eight-week garden program gives kids an opportunity to develop a plan, plant a variety of seeds, nurture and watch produce grow, and most importantly, reap the benefits of the harvest. The program meets two mornings a week, and provides a safe, fun, educational environment to learn about gardening. Youth gardening grows more than plants; children become enthusiastic about eating fruits and vegetables, respectful of their environment, and actively involved in making positive contributions to their community.

Junior Golf Camp

Cascades Golf Course introduces a new golf camp agenda that offers a great learning opportunity for juniors who want

to grow their golf skills. During each week-long camp, golfers learn the fundamentals of putting, chipping, and the overall golf swing. These new skills will be put to the test with contests and games. In addition, campers will leave with basic knowledge of golf rules and course etiquette. On the last day of camp, campers play nine holes while answering questions for prizes, and enjoy a cookout afterward.
